// GEOGRAPHIC ENTITIES — FOUNDING / INCEPTION DATES
//
=====
===

// LOGIC: These dates represent the "perfect dates" when entities
// gained their modern sovereignty. This is the date the currently
// in-use government was officially birthed, full liberation was
// achieved, or dominion/minority rule ended (e.g., Republic Days,
// modern constitutions, final treaties).
// All entities tagged as 'male' per app convention.
